Claims 21-25, 27, 31-58 and 60-63 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

Applicant amended the claims to recite the limitation of " a wet bleaching process". This limitation does not have support in the specification. The specification does not disclose such term and does not define the process as " a wet bleaching process". Applicant states the in the remark that " the specification states that a wet bleaching process is used"; however, the examiner can not find such disclosure. It is requested that applicant points out the specific page where such limitation is disclosed. Page 16 referred to by applicant does not disclose anything about " a wet bleaching process".

Claims 21-25, 27, 31-58 and 60-63 are allowable over the prior art because applicant's argument is found to be persuasive in that the properties as claimed are not disclosed in the prior art product.

Applicant's arguments with respect to claims 21-25, 27, 31-58 and 60-63 have been considered but are moot in view of the new ground(s) of rejection.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
